MASTER OF SCIENCE IN PUBLIC HEALTH

OPEN AND DISTANCE LEARNING (ODL)

OVERVIEW OF PROGRAMME

Master of Science in Public Health programme is designed for science-related professionals from diverse backgrounds who are passionate about making a real impact. This programme equips you with a strong foundation in public health, combined with the practical knowledge needed to address today's pressing health challenges. With the rise of emerging and re-emerging diseases, alongside growing concerns in ageing populations, the need for skilled public health professionals has never been greater. Through comprehensive training, you will gain the expertise to understand, prevent, and manage health issues at both individual and community levels.

- **FLEXIBLE ONLINE LEARNING**
